

**Advanced Laparoscopic
Colorectal Surgery Workshop
Using Animal Models**

Feedback - October 2015

Advanced Laparoscopic Colorectal Surgery Workshop Using Animal Models

This advanced laparoscopic colorectal surgery workshop intended to provide delegates with the opportunity to practice and enhance their operative skills in this area. In addition to providing a sound understanding of the essential fundamentals and underpinning principles of laparoscopic colorectal surgery, this hands-on, practical laparoscopic workshop helped delegates to consolidate the theoretical knowledge and skills learnt by those that attended the Live Advanced Laparoscopic Colorectal Surgery Course in the preceding two days.

The course, was convened by the renowned Laparoscopic Colorectal Surgeon Prof. P. N. Haray and supported by an experienced faculty. This provided a great opportunity for those who wish to enhance their practical skills and attain invaluable tips to perform laparoscopic colorectal surgery in an effective manner throughout the course.

As this specially developed course gave attendees direct Consultant supervision to perform advanced laparoscopic colorectal procedures on specially prepared animal models for extensive focused practice, including procedures such as:

- Hemicolectomies
- Splenic Flexure Mobilisation
- Anterior Resection

The course was run in conjunction with the Welsh Centre for Minimal Access Therapy (WIMAT) which produces advanced state-of-the-art surgical training models.

Course Information

Course date:	14th October 2015
Venue:	Academic Centre, Keir Hardie Health Park, Merthyr Tydfil, Wales, UK (Part of Prince Charles Hospital)
Attendance:	10 Delegates
Aimed at:	Consultants and trainees in general/colorectal surgery from both the UK and beyond.
Course fee:	£175.00

Supported by:

Course Programme

0800 - 0830	Registration with Coffee	
0830 - 0845	Course and Equipment Introduction	Prof. PN Haray
0845 - 0900	Roeder's Knot	Stuart Goddard
0900 - 0945	Laparoscopic Appendicectomy Use of Roeders Knot	All faculty
0945 - 1045	Small Bowel Stacking	All faculty

1045 - 1100 **Coffee Break**

1100 - 1230	Laparoscopic Right hemicolectomy	All faculty
--------------------	----------------------------------	-------------

1230 - 1330 **Lunch**

1330 - 1500	Splenic Flexure mobilisation	All Faculty
1500 - 1630	Anterior Resection	All Faculty
1630 - 1645	Feedback	Prof. PN Haray

Overall Teaching Feedback

As a result of attending this workshop I have a better understanding of: Practical principles of laparoscopic colorectal surgery

■ Strongly Agree ■ Agree ■ Disagree ■ Strongly Disagree

As a result of attending this workshop I have a better understanding of: Stepwise approach to Laparoscopic Right Hemicolectomy

■ Strongly Agree ■ Agree ■ Disagree ■ Strongly Disagree

As a result of attending this workshop I have a better understanding of: Stepwise approach to Laparoscopic Anterior Resection & Splenic Flexure mobilisation

■ Strongly Agree ■ Agree ■ Disagree ■ Strongly Disagree

Course and Equipment Introduction

■ Excellent ■ Good ■ Satisfactory ■ Fair

Appropriate Use of Energy Device

■ Excellent ■ Good ■ Satisfactory ■ Fair

Appropriate Use of Stapling Equipments

■ Excellent ■ Good ■ Satisfactory ■ Fair

Overall Teaching Feedback

Safe Handling of instruments

Roeder's Knot

Laparoscopic Appendicectomy

Small Bowel Stacking

Laparoscopic Right Hemicolectomy

Laparoscopic Splenic Flexure mobilisation

Overall Teaching Feedback

Individual Comments

- Very good.
- Keep up the good work.
- Continue this good work.
- I found the course useful and relevant to the exam preparation. Excellent course.
- Thanks to everyone.

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is an UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events/ competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

Postgraduate:

- MRCS Part A
- MRCEM Part A
- MRCS Part B OSCE
- DOHNS: Intensive Revision & OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES Part 2
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course

Forthcoming key events:

- **International Medical Summer School**
Manchester, 1st - 5th August 2016
- **International Academic and Research Conference**
Manchester, 6th August 2016
- **World University Anatomy Challenge**
Manchester, 5th August 2016

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.
