

**Fundamentals of Medical  
Science (Level 1) for  
Non-Medical Professionals**

**Feedback - June 2017**

## Fundamentals of Medical Science (Level 1) for Non-Medical Professionals

This interactive one-day course intends to provide those working within any profession related to the medical or healthcare sector with an understanding of essential concepts and terminologies which will be relevant to their career.

The course will consist of a series of lectures and discussions which will offer delegates a focused overview of fundamental concepts and terminologies in medical science. This will include the basics in medical history taking, reading and interpreting a medical report, and distilling the essence of medical investigations (such as X-ray, CT scan, MRI), expert opinions, hospital transfer reports and patient discharge documentations.

Delegates will be encouraged to transfer the fundamental medical knowledge gained through this course to their own practice, thus engaging in informed and improved performativity. Upon successful completion of the course, delegates will obtain a Level 1 Certification and be given the opportunity to progress to Level 2.

### Course Information

**Course date:** 11<sup>th</sup> June 2017

**Venue:** School of Biosciences  
Cardiff University  
Cardiff

**Attendance:** 6 Delegates

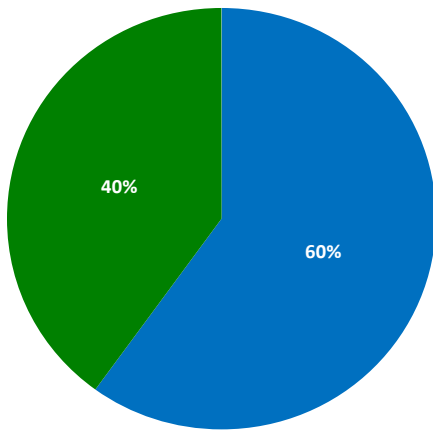

**Aimed at:**  
Medical Translators

GP Receptionists  
Medico-Legal Professionals  
Medical Engineers  
Professionals in the Pharmaceutical Industry  
Professionals in the Healthcare Insurance Industry  
Physician Assistants  
Hospital Administrative Staff

**Course fee:** £55.00

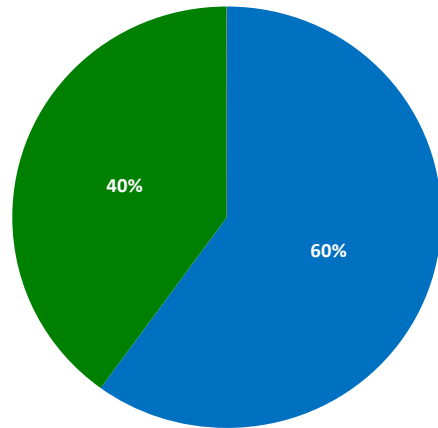

# Overall Teaching Feedback

How was the content of the course?

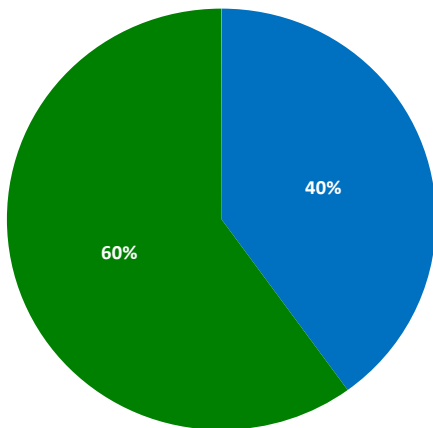

■ Excellent ■ Very Good ■ Average ■ Fair ■ Poor

How was the clarity of teaching?

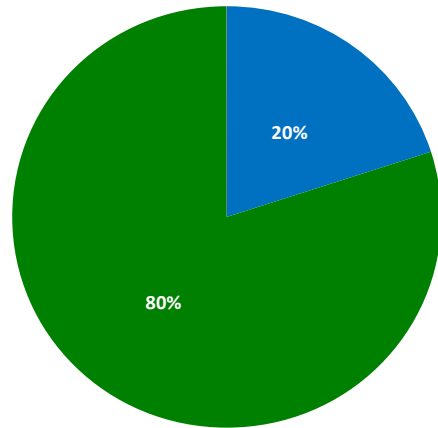

■ Excellent ■ Very Good ■ Average ■ Fair ■ Poor

How would you rate the general academic standard of the tutors?

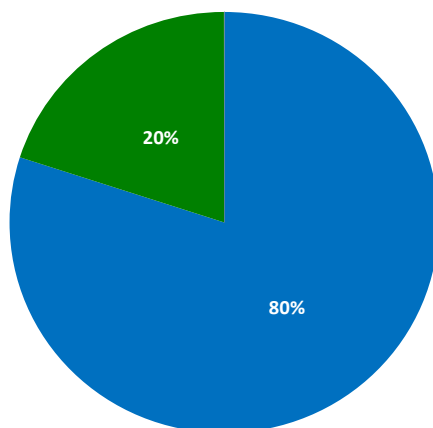

■ Excellent ■ Very Good ■ Average ■ Fair ■ Poor

How do you rate the relevance of the course to your studies?

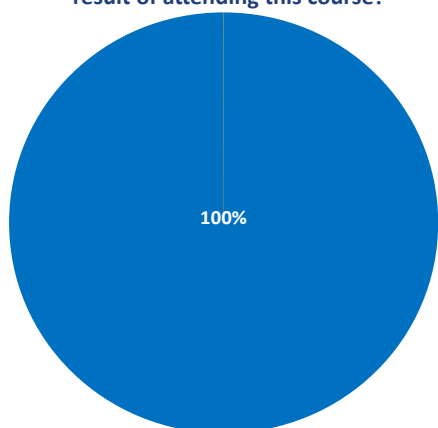

■ Very relevant ■ Mostly relevant ■ Neutral

Did the course meet your learning objectives?

■ Most certainly ■ Certainly ■ Neutral ■ May be ■ No way

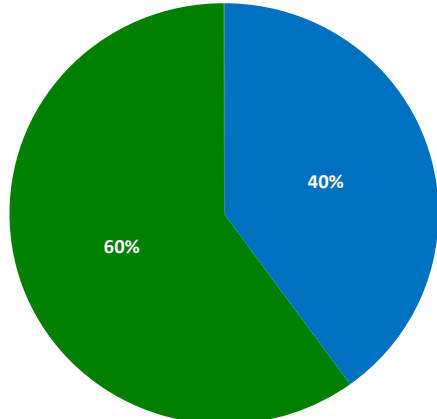

Do you feel more confident of understanding medical terminologies as a result of attending this course?

■ Most certainly ■ Certainly ■ Neutral ■ May be ■ No way

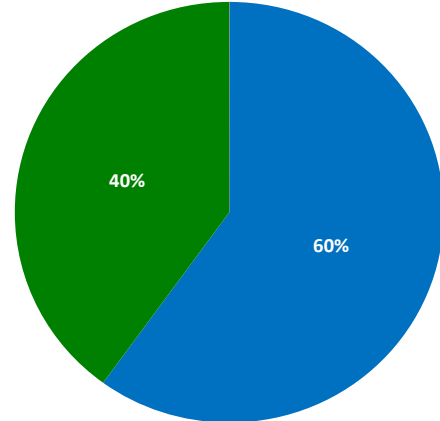

## Overall Teaching Feedback

Aside from medical terminologies, did the course help you to gain a better understanding of human body and medical science?

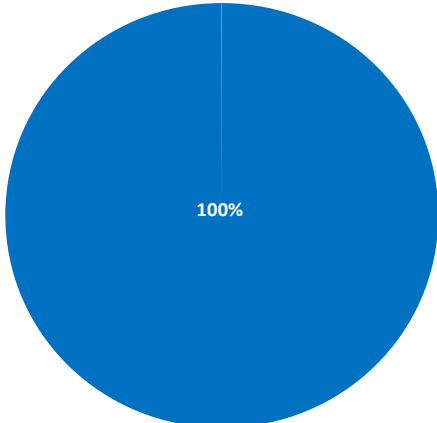

■ Most certainly ■ Certainly ■ Neutral ■ May be ■ No way

Do you feel more confident in reading a medical document as a result of attending this course?

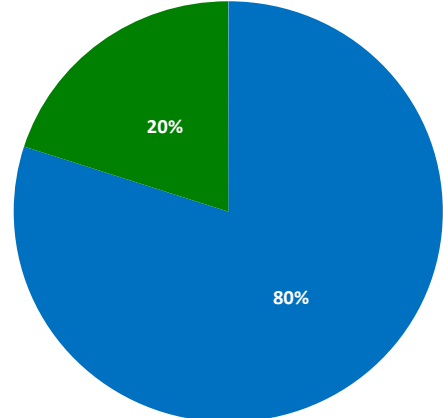

■ Most certainly ■ Certainly ■ Neutral ■ May be ■ No way

How confident would you feel in applying the knowledge gained through this course in the context of medical translational work?

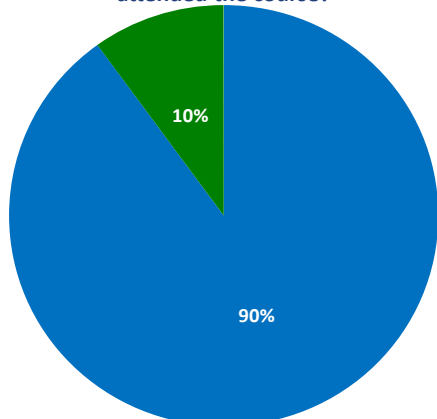

■ Very confident ■ Not at all confident

What would you rate your overall understanding of medical language and medical terminologies BEFORE you attended the course?

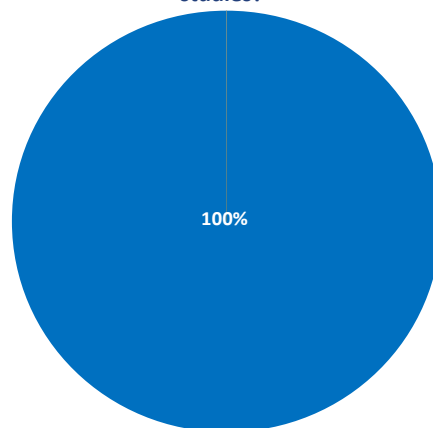

■ Excellent understanding ■ Poor understanding

What would you rate your overall understanding of medical language and medical terminologies AFTER you have attended the course?

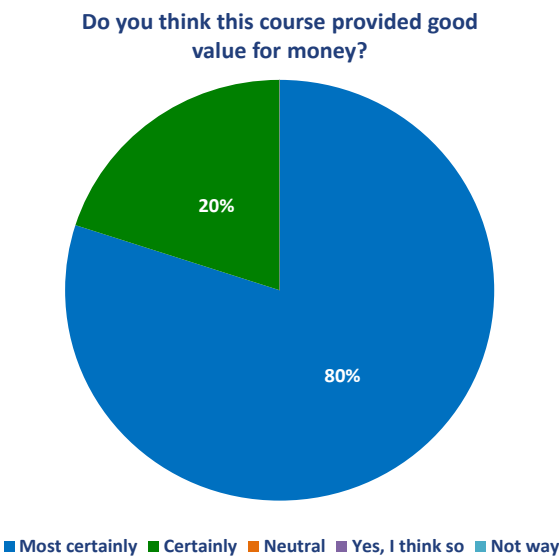

■ Excellent understanding ■ Poor understanding

Would you recommend this course to a colleague in languages or translation studies?

■ Most certainly ■ Certainly ■ Neutral ■ May be ■ No way

## Individual Comments

Everything was very well executed. Very helpful.

**AV**

Course very well organised and great participation available to all candidates during the course. The course has been of great help to carry out my ATP for my MA in Translation Studies.

**CA**

Gave a good overall look at the human body and medicine as well as specific medical terms.

**KJ**

Very good, very useful for languages students and translators.

**RL**

It was a very useful course, detailed, with lots of information pertinent to the translation of medical texts. The teaching was interactive and the staff friendly and ready to answer any questions we might have had.

**MV**

Doctors Academy is an international non-profit organisation which comprises of doctors, dentists and scientists. The aim of the Academy is to disseminate information and facilitate the exchange of medical knowledge between professionals from diverse backgrounds who work in various healthcare settings. In order to achieve this, a diverse range of educational activities are undertaken globally which are further complemented by our publishing house, online resources, and international events and competitions.

## Courses (a selection):

### Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

### Postgraduate:

- MRCS Part A and Part B OSCE
- MRCEM Part A
- DOHNS OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course
- Infant Hip Ultrasound Course for Developmental Dysplasia of the Hip

## Forthcoming Key Events:

- **International Medical Summer School**  
Manchester, 31<sup>st</sup> July to 4<sup>th</sup> August 2017
- **International Academic Research Conference**  
Manchester, 5<sup>th</sup> August 2017
- **World University Anatomy Challenge**  
Manchester, 4<sup>th</sup> August 2017
