Public Transport

- If you are travelling by bus or train into Cardiff, you will arrive at Cardiff Central Station. The distance between the station and the Hospital is approximately 3 miles.
- There is a regular Cardiff Bus service from the City Centre (not Cardiff Central) to the Hospital - numbers 38 and 39. The journey should last approximately 25-30 minutes.

Alternatively, a journey from the station by taxi should take approximately 10 minutes.

PARKING:

Both long-stay and short-stay multi-storey car parks are available on-site. Parking is free, but you will need to register your car details at one of terminals in order to park for more than four hours. While parking is free, there are a limited number of spaces for visitors due to a heavy demand. The few spaces that are reserved for visitors are likely to be occupied before the start of the course. We would therefore suggest that you either consider alternative parking arrangements (please see the links below) or use public transport/taxi to reach the hospital.
