

National Undergraduate Conference for Anaesthetics and Critical Care Conference

Feedback - November 2018

National Undergraduate Conference for Anaesthetics and Critical Care Conference

The National Undergraduate Conference for Anaesthetics and Critical Care conference was aimed at undergraduate medical students with an interest in the specialties of anaesthetics and critical care. We aimed to allow students to gain insight into this field of medicine by inviting specialists to speak on a range of topics including anaesthetics, burns and emergencies, military prehospital medicine, as well as current training pathways.

The opportunity was available to submit a poster presentation with prizes awarded to the best overall projects.

Moreover, clinical skills stations, led by volunteer clinicians allowed students to develop an interest and practice their skills using specialised equipment.

Being the only undergraduate and critical care conference in Scotland, we were joined by students from Oxford, Manchester and Leicester last year, and hope to build further bridges with students from across the UK.

Course Information

Course date:	3rd November 2018
Venue:	Wolfson Medical School, University of Glasgow
Attendance:	75 Delegates
Aimed at:	Medical students with an interest in anaesthetics and critical care
Conference Fee:	£15.00

Course Programme

0830 – 0850	Registration
0850 – 0900	Welcome and introduction from Glasgow Anaesthetics Society
0900 – 0945	Introduction to a career in Anaesthetics and ICU, Dr Rosaleen Baruah
0945 – 1030	Intensive Care Unit, Professor John Kinsella

1030 – 1050 **Break**

1050 – 1135	Critical Care in Organ Donation, Dr Kathryn Puxty
1135 – 1220	Neuro-Anaesthesia, Dr Michael Murray

1220 – 1310 **Lunch**

1310 – 1320	Clinical Skills Introduction
1320 – 1420	Clinical Skills – Station 1
1420 – 1520	Clinical Skills – Station 2

1520 – 1530 **Break**

1530 – 1630	Clinical Skills – Station 3
1630 – 1730	Prize ceremony and close of conference

Overall Feedback

How was the general friendliness of the faculty and organisers?

Would you recommend this conference to a friend?

Do you think that this conference provided good value for money?

Individual Comments

All excellent.

KM

University of Glasgow School of Medicine, Glasgow, United Kingdom

Impressively well organised conference with a good mix of academic talks and practical skills covering a breadth of subjects.

AK

Lancaster University Medical School, Lancaster, United Kingdom

Excellent.

CC

University of Glasgow School of Medicine, Glasgow, United Kingdom

Well organised and informative conference.

KC

University of Glasgow School of Medicine, Glasgow, United Kingdom

I thought it was very good and I used it to confirm I wanted to do an SSC next year in ICU.

ES

Newcastle University Faculty of Medical Sciences, Newcastle upon Tyne, United Kingdom

Very good.

AS

University of Central Lancashire School of Medicine and Dentistry, Preston, United Kingdom

Very well organised day which ran smoothly, with great content. Gave an excellent introduction to anaesthesia and critical care as a career alongside more fun hands on experience at the clinical skills stations

MM

University of Glasgow School of Medicine, Glasgow, United Kingdom

Excellent.

GM

University of Glasgow School of Medicine, Glasgow, United Kingdom

Really good overall, informative and useful to meet likeminded people.

AJ

Newcastle University Faculty of Medical Sciences, Newcastle upon Tyne, United Kingdom

Individual Comments

Overall very impressed. Very informative and practical clinical skills sessions were very educational.

LM

University of Glasgow School of Medicine, Glasgow, United Kingdom

I thought the conference was generally interesting and stimulating. The lectures did not really have much relevance to my studies but were interesting and the speakers were really good. The clinical skills were very different for what we are currently taught so was refreshing. I would recommend.

AW

University of Glasgow School of Medicine, Glasgow, United Kingdom

Very good way to get an insight into a career in anaesthetics and intensive care. Clinical skills stations were very useful and well explained.

AF

University of Glasgow School of Medicine, Glasgow, United Kingdom

Very good.

FC

University of Leeds School of Medicine, Leeds, United Kingdom

The conference was run very smoothly the whole day.

BF

University of Glasgow School of Medicine, Glasgow, United Kingdom

Gave me a better view of the Anaesthetics field, it was a great opportunity!!

MA

University of Glasgow School of Medicine, Glasgow, United Kingdom

Informative and Inspiring.

HC

University of Dundee School of Medicine, Dundee, United Kingdom

Very well organised and well run event, it was very clear that a lot of effort had gone into making the day run smoothly and this really shone through. The speakers were all good however special mention to Dr. Puxty and Dr Murray for giving very interesting, thought-provoking, and entertaining talks. Everyone who had a role to play in the running of the event should be very proud of themselves!

PH

School

I thoroughly enjoyed this conference.

SM

Manchester Medical School, Manchester, United Kingdom

Individual Comments

Very useful day, well organised and interesting.

GG

University of Glasgow School of Medicine, Glasgow, United Kingdom

Very informative and interactive.

ES

University of Glasgow School of Medicine, Glasgow, United Kingdom

I felt that everything was great. I understand the time limitations involved in each station. Perhaps there could be an even distribution of subgroups within each stream, as some subgroups were much bigger than others, resulting in lesser hands-on time for those stations.

JL

University of Dundee School of Medicine, Dundee, United Kingdom

Good.

BA

Clinical skills sessions were excellent

RL

University of Aberdeen School of Medicine and Dentistry, Aberdeen, United Kingdom

I found it very interesting and it had been my first conference, which made me want to do more in the future.

AK

University of Aberdeen School of Medicine and Dentistry, Aberdeen, United Kingdom

The conference was well organised with excellent speakers. It had great contents for introduction of anaesthesia and intensive care. The clinical skill sessions were very useful and relevant to future practice.

AM

University of Glasgow School of Medicine, Glasgow, United Kingdom

Very friendly, well organised group who provided a stimulating day well tailored to the given audience.

RS

University of Glasgow School of Medicine, Glasgow, United Kingdom

Overall excellent!

SR

University of Glasgow School of Medicine, Glasgow, United Kingdom

Individual Comments

The day was very fluid in terms of how it went along. Each lecture offered a novel insight into the field, provoking thoughts that never would have occurred. All good and friendly presenters. Clinical skills was fantastic, both in terms of practice and organisation. Overall an excellently organised conference, which clearly involved lots of time and energy to set up.

JM

Lancaster University Medical School, Lancaster, United Kingdom

The conference was very well organised, from the start. The talks from the speakers gave me a better understanding of the field of anaesthetics, which is very helpful for me as a medical student.

KA

University of Glasgow School of Medicine, Glasgow, United Kingdom

Very well planned.

BT

University of Dundee School of Medicine, Dundee, United Kingdom

Overall very good conference.

RU

Newcastle University Faculty of Medical Sciences, Newcastle upon Tyne, United Kingdom

Great! Well organised and educational. A good introduction for someone considering a career in anaesthetics.

CW

University of Glasgow School of Medicine, Glasgow, United Kingdom

I thought the organisation was excellent, along with the majority of speakers. I especially liked the skills circuit in the afternoon, and found all the things covered very useful. Although probably not relevant to my current studies, I know that it will be incredibly useful in my future career.

JS

It was a really well organised day with a wide range of topics and skills.

RW

Newcastle University Faculty of Medical Sciences, Newcastle upon Tyne, United Kingdom

Thought it was very well organised. The price was very fair and the speakers were all enthusiastic.

LT

University of Glasgow School of Medicine, Glasgow, United Kingdom

Individual Comments

Brilliantly organised and great resources and centre. Perhaps smaller groups for skills sessions so that everyone can have a go at each practical.

AO

*University of Birmingham College of Medical and Dental Sciences, Birmingham,
United Kingdom*

Great variety of workshops, lots of hands-on opportunities and using different equipments available for students to use under guidance. Tutors were very friendly. Conference was well-organised.

AA

University of Glasgow School of Medicine, Glasgow, United Kingdom

Very relevant.

JN

University of Glasgow School of Medicine, Glasgow, United Kingdom

Very professional conference well done!

RM

University of Glasgow School of Medicine, Glasgow, United Kingdom

Very well organised. The speakers kept the content at a level understandable to all (particularly important as a 1st year!)

JW

University of Glasgow School of Medicine, Glasgow, United Kingdom

Very professional.

CG

*Queen's University Belfast School of Medicine, Dentistry and Biomedical Science, Belfast,
United Kingdom*

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is a UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events/ competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

Postgraduate:

- MRCS Part A
- MRCEM Part A
- MRCS Part B OSCE
- DOHNS: Intensive Revision & OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES Part 2
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course

Forthcoming key events:

- International Medical Summer School
- International Academic and Research Conference
- World University Anatomy Challenge

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.

Resources for:

- Medical Students
- Dental Students
- International Entrance Exams
- MRCS Exams
- General Surgery Exams
- Plastic Surgery Exams
- DOHNS Exams
