11:34	Unmasking HSV-1 in Recurrent Paediatric Preseptal Cellulitis: Diagnostic Clues from a Case-Based Review ***Dena Khaireldin***
11:40	Ocular Oncology ***Ms Julie Connolly***
12:10	Neuro-ophthalmology ***Ms J Best***
12:40	Paediatric Ophthalmology ***Ms K Shirley***
13:10 - 13:40	**Lunch/Poster viewing**
13:40 -14:10	**Delegate Talks**
13:40	Trastuzumab-associated papilloedema with recurrence on rechallenge: a case report ***Dominic Hayden***
13:46	Utilising ChatGPT to Enhance Accessibility of Patient Information Leaflets ***Arianne Whiteside***

13:52	Video-based patient education for intravitreal injections: a clinical audit at St. Vincent's University Hospital ***X Budweg***
13:58	Clinical phenotype of GLP-1 receptor agonist-associated optic neuropathy: a systematic review and individual patient data synthesis ***Arqam Syed***
14:04	Improving GP triage of acute eye presentations: a quality improvement project using a clinically reviewed e-learning module ***Arqam Syed***
14:10	Vitreo retinal surgery ***Mr M Upendran***
14:40	Glaucoma ***Mr G Reid***
15:10	Cataract ***Mr A Mohite***
15:40	Oculoplastics ***Mr S Kamalaraja***
16:10	Close ***Prof Wiliams & Dr McCullough***

Sunday 15th November 2026

10:00	Welcome ***Prof M Williams***
10:05	Diabetic Eye Disease ***Prof T Peto***
10:40	What Women See When We Finally Help Them See ***Dr V Chan***
11:10	Epidemiology made real ***Prof R Hogg***
11:30 - 11:40	**Break/Poster viewing**
11:40	Tales from trials: how we get evidence for what we do ***Prof J Norrie***
12:10	Genetics: ophthalmic innovation ***Dr D Simpson***
12:40	How the retina clocks in ***Dr E Beli***
13:10 - 14:00	**Lunch/Poster viewing**

14:00 - 15:20	**Delegate Talks**
14:00	A clinical review of the development and management of glaucoma, secondary to uveitis at a UK tertiary eye unit ***Sana Nesar***
14:06	Long-term real-world durability and safety of 0.2 µg/day Fluocinolone Acetonide Intravitreal Implant (Iluvien) for Uveitic Cystoid Macular OAekadaesmhak iisns Neno nS-einttfye cKtiaomusa luveitis across several ***Akaashkissen Setty Kamal***
14:12	Quality, reliability and engagement metrics of English-language diabetic retinopathy content on TikTok ***Shivani Ganesh***
14:18	Retinal Detachment After Cataract Surgery in Those Under 60: Real World Data ***Isaac Tang***
14:24	Audit of Guidelines on Management of Patients Presenting with Acute Isolated Third Nerve Palsy ***Timothy Tan Ee Chern***
14:30	Do we really need TABs anymore? An audit into how suspected GCA patients are investigated and diagnosed at UHL. ***Monica Kulkarni***
14:36	Management of endophthalmitis at Leicester Royal Infirmary: a clinical audit against UHL guidelines ***Mona Freihat***
14:42	An Interesting Fundus Finding - Schlaegel Lines ***Orlaith McGrath***
14:48	Re-bubbling Protocols in Endothelial Keratoplasty (DMEK vs. DSAEK): A Systematic Review and Meta-Analysis of Air vs. Sulfur HexafluAonriidthea T Parmiypao Anarudne S(ShFan6k),a Irntervention Timing ***Anitha Priya Arun Shankar***
14:54	AI-Based Automated Measurement of Eyelid Parameters for Oculoplastic Surgery ***Michael Milad***
15:00	Beyond the Optic Nerve: A Case of Acute Idiopathic Blind Spot Enlargement ***Karen Lagan***
15:06	Quality of Life in Inherited Retinal Dystrophies: A Systematic Review ***Yan Wen Ong***
15:12	Restrictive Ocular Motility after Excision of Conjunctival Tumours: A Two-Centre Clinical Audit ***Mohammed Al-Roubaie***
15:18	Unilateral VI nerve palsy secondary to spontaneous arachnoid cyst rupture and subdural hygroma ***David Owen***
15:25	Close ***Prof Williams & Dr McCullough***
