There is always the possibility of a lecture or demonstration over-running and thus some flexibility may be necessary within the programme. However, due to the wide range of topics that will be covered during the event we will adhere to a strict time-schedule. We will endeavour to observe the session times (i.e., morning and afternoon) and hence all breaks, and start and finish times will be followed as per the programme.

Please use the following link to sign up to attend one of the workshop stations. The laparoscopic suturing station only has 24 spaces and the spaces will be allocated on a first-come first-serve basis.
