Cardiff DOHNS Course: Intensive Revision for DOHNS OSCE / MRCS (ENT)

This intensive one-day course aimed to provide a focused revision for the DOHNS Clinical/OSCE exam and was aimed at trainees with a specialist interest in ENT surgery and qualified ENT surgeons.

The contents included clinical topics that regularly feature in the exam, encompassing:

- o Gross and microscopic anatomy of key areas.
- o Identification and management of common ENT pathologies.
- o Video and radiological analysis of important conditions.
- o Interpretation of specialist investigations.
- o Run-through of numerous communication skills scenarios including focused history taking and consenting.
- o Familiarization with surgical and emergency equipment.
- o Practicing pertinent clinical skills required for the exam.
- o Strong emphasis on the clinical application of knowledge and perfecting the examination skills.

The course concluded with a mock OSCE examination, which provided the opportunity for individuals to put into practice the skills they had acquired in front of real examiners under real exam conditions.

Overall Feedback

How was the clarity of the presentations?

How would you rate the general academic standard of the lectures?

How would you rate the sessions on the manned stations (FNE, examination, and communication)?

How do you rate the relevance of the course to your exam?

How useful were the unmanned stations?

Do you feel that the course met your objectives?

Overall Feedback

How were the facilities and venue?

How was the general friendliness of the faculty and organisers?

Would you recommend this course to a friend?

Do you think that this course provided good value for money?

How were the refreshments and lunch?

Would you be interested in becoming a trainee faculty after you have passed your exam and secured your Registrar (or equivalent level) job?

Overall Feedback

How relevant were the topics that were covered in the online resource that you received prior to the course?

■ Very relevant ■ Relevant ■ Neutral
■ Hardly relevant ■ Not relevant to all

Did the online resource cover the topics in sufficient detail?

■ Most certainly ■ Certainly ■ Probably ■ May consider ■ Not at all

Individual Comments

Very good.

SO
College Street Medical Practice, Long Eaton Nottingham, UK

It was good.

GB
KMCH Institute of Health Sciences and Research, Tamil Nadu, India

Good value for money.

ZY
Aberdeen Royal Infirmary, Aberdeen, UK

Everything was great.

JR
San Fernando General Hospital, TT, West Indies

Good.

SC
Hull Royal Infirmary, Hull, UK

Very good.

SK
Kauvery Hospital

Very helpful course the lectures at the beginning of the day were well presented and succinct. The communication station practice was particularly helpful in the exam.

LJ
Luton and Dunstable University Hospital, Luton, UK

Excellent. I am very happy with course.

AL
Spectrum Medical Center

Excellent.

AD
Queen Elizabeth Hospital, Kings Lynn, UK

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is a UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events / competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
