Feedback - May 2023

Cardiff MRCS(ENT) Course: Intensive One-Day Preparation Course for MRCS(ENT) OSCE.

This intensive one-day course aimed to provide a focused revision for the MRCS(ENT) OSCE exam and was aimed at trainees with a specialist interest in ENT surgery and qualified ENT surgeons.

The contents included clinical topics that regularly feature in the exam, encompassing:

- o Gross and microscopic anatomy of key areas.
- o Identification and management of common ENT pathologies.
- o Video and radiological analysis of important conditions.
- o Interpretation of specialist investigations.
- o Run-through of numerous communication skills scenarios including focused history taking and consenting.
- o Familiarization with surgical and emergency equipment.
- o Practicing pertinent clinical skills required for the exam.
- o Strong emphasis on the clinical application of knowledge and perfecting the examination skills.

The course concluded with a mock OSCE examination, providing the opportunity for individuals to put into practice the skills they had acquired in front of real examiners under real exam conditions.
