

35th Graf Ultrasound (2-day Basic Course)

for the Diagnosis and Management of Dysplasia of the Infant Hip

35th Graf Ultrasound (2-day Basic Course)

for the Diagnosis and Management of Dysplasia of the Infant Hip

This well-established and hugely popular course, previously run in Dorchester for 25 years as the West Dorset Hip Course, is led by Professor Reinhard Graf, Professor of Orthopaedics at the University of Graz, Austria. The course comprised of a large number of experienced consultant faculty who aimed to provide the participants with a thorough understanding of the role of ultrasound in the diagnosis and management of Developmental Dysplasia of the Hip (previously known as Congenital Dislocation of the Hip). The course covered the theoretical knowledge and practical skills necessary to perform and interpret infant hip ultrasound examination, and the management based on the ultrasound findings. Aspects such as choice of equipment and setting up an ultrasound service were also covered.

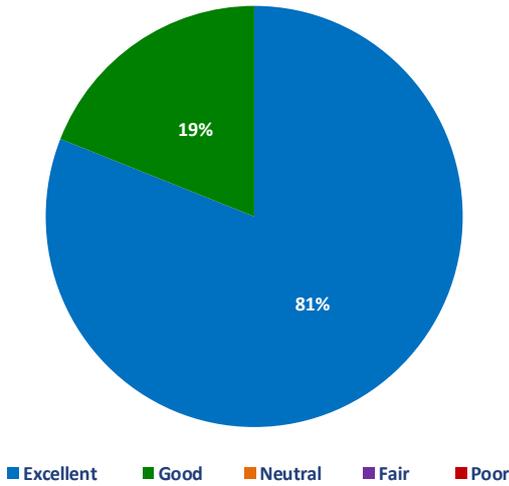

Course Information

Course Date:	7th March 2022
Venue:	Online via Zoom
Attendance:	23 Delegates
Aimed at:	Midwives; Obstetric Nurses; Orthopaedic Surgeons; Paediatricians; Paediatric Surgeons; Physiotherapists; Radiographers; Radiologists; Sonographers; Speciality Nurses; Speciality Registrars and Trainees in any of the above disciplines; Surgical or Advanced Care Practitioners.
Course Fee:	£485.00

Individual Comments

Excellent! Very informative and enjoyable.

SM
Royal London Hospital, London, UK

Great course , all involved very helpful , happy to take time to individually discuss questions. Gave me a great insight to scanning even though I probably will not it's a great skill to be able to read USS.

CA
Nevill Hall Hospital, Brecon Rd, UK

Really well lead course with knowledgeable lecturers. I liked the fact it was repetitive as it helped with anatomy. Really enjoyed the course.

AB
Scunthorpe

Very good to understand the relevant anatomy of the hip as well as the classification used under the Graf Method.

GF
University Hospital Southampton, Southampton, UK

Excellent teaching, very thorough.

CH
Royal Cornwall Hospital NHS Trust, UK

Very relevant to my clinical practice and has definitely improved my technique and therefore the service I am supplying.

LG
Walsall Healthcare NHS Trust, UK

Very well organised and friendly members of staff. Will now be able to scan baby hips in practice.

KS
Scunthorpe General Hospital, Scunthorpe, UK

Certainly proves the point that learning Graf's technique just at the bedside should be discouraged; also made things very clear. Mrs Carrigan deserves very special mention for her kind coordination of affairs in the background.

OL
Royal hospital for children, Glasgow, UK

Very well organised course with extremely passionate teachers.

CB
Lincoln County Hospital, Lincoln, England

Individual Comments

I have learned a lot, very happy overall.

JS
Aalborg University Hospital, Denmark

Very well organised course with extremely passionate teachers.

CB
Lincoln County Hospital, Lincoln, England

Great course, very very useful, great organization.

PS

As a specialist nurse involved in caring for the child with DDH i found the information invaluable.

JD

DOCTORS ACADEMY

BETTER EDUCATION. BETTER HEALTH.

Doctors Academy is a UK-based International Non-Profit Organisation comprising of doctors, dentists and scientists that undertakes a diverse range of educational activities globally. The aim of the Academy is to disseminate information and exchange medical knowledge between professionals from diverse backgrounds working in a variety of healthcare settings. This is achieved by the provision of a number of attendance courses, publishing house, online resources and international events / competitions.

Courses (a selection):

Undergraduate:

- Final Year Medicine and Surgical Revision Courses
- Training the Clinical Anatomy Trainer
- Clinical Anatomy as Applied to Trauma and Emergency Medicine
- Surgical Anatomy of Important Operative Procedures
- Future Surgeons: Key Skills (RCSEd delivered)
- Structured Introduction to Surgical Skills

Postgraduate:

- MRCS Part A
- MRCEM Part A
- MRCS Part B OSCE
- DOHNS: Intensive Revision & OSCE
- Intercollegiate Basic Surgical Skills (RCSEd delivered)
- MRCP PACES Part 2
- FRCS (General Surgery) Exit Exam
- Cadaveric Ultrasound-Guided Musculoskeletal Intervention Course
- Ultrasound-Assisted Botulinum Toxin Injection for Neuromuscular Disorders
- Live Advanced Laparoscopic Colorectal Course

Forthcoming key events:

- International Medical Summer School
- International Academic and Research Conference
- World University Anatomy Challenge

Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.
