## Key Concepts in the Assessment and Management of Patients in the A&E Department

This talk covered surgical, medical and paediatric scenarios that are commonly encountered in the A&E Department and discussed the relevant management. The talk centred on the fundamental knowledge that is required for Medical Students and Foundation Year 1 Doctors to successfully treat and manage various patients who present to the A&E Department. Essential clinical skills, such as interpreting MSK X-rays and important ED prescriptions, were also covered during this talk.

### Topics Covered:

- o Chest pain
- o Shortness of breath
- o Collapse
- o Abdominal pain
- o Various paediatric presentations, including a brief introduction to suspected non-accidental injury (NAI) assessment

## Online Revision Resources

DoctorExams consists of 1000s of questions with detailed explanations in MCQ, EMQ, SBA and SAQ formats. Questions are written by the Doctors Academy group of experienced clinicians and clinical academics, with mock exams and feedback on performance included to aid a candidate's focused revision of topics. Based on past exams, these questions are carefully crafted to suit the requirements of undergraduate students & postgraduate trainees undertaking relevant speciality exams.

### Resources for:

- Medical Students
- Dental Students
- International Entrance Exams
- MRCS Exams
- General Surgery Exams
- Plastic Surgery Exams
- DOHNS Exams
